Lodhi Road, New Delhi - 110 003
Dated: 11th August, 2020

To

Coodu Trust,
83, R.M Colony,
Dindigul,
Tamil Nadu - 624001

**Subject: Empanelment with National Water Mission, Department of Water Resources, RD & GR,
Ministry of Jal Shakti, Government of India.**

An Memorandum of Understanding (MoU) signed between Tata Institute of Social Sciences (TISS) and National Water Mission (NWM), Department of Water Resources, RD & GR, Ministry of Jal Shakti, Government of India, under Goal II (promotion of citizen and state action for water conservation, augmentation and preservation) of the Mission, inter-alia, included selection of national level credible NGOs working in water sector to after following due process of assessment and shortlisting based on the criterion of their organizational capacity, thematic expertise, geographical area of coverage, financial capacity and size of organization.

2. Based on the laid down eligibility criteria, National Water Mission selected various lead agencies and field agencies for deployment across 4 Zones of the Country to implement various activities of NWM broadly consisting of promoting water conservation, minimizing wastage and increasing water use efficiency through awareness and capacity building, encouraging local planning and participation.
3. It is to convey that your organization viz. Coodu Trust, Tamil Nadu is empaneled with the National Water Mission, Department of Water Resources, River Development & Ganga Rejuvenation, Ministry of Jal Shakti as field agency for undertaking the afore-mentioned activities. National Water Mission extends best wishes to you for your future endeavors.
4. For availing any financial assistance from any State/Central Government and its organizations, the unique ID of the organization in Darpan Portal must be mentioned.

Yours faithfully,

(Vinod Kumar)

Under Secretary to the Govt. of India

No:M-65033/3/2018-NWM

Dated: December 12, 2018

Subject: Collaboration between National Water Mission and NGO to fulfill NWM's objective "conservation of water, minimizing wastage and ensuring its more equitable distribution both across and within States through integrated water resources development and management"

Dear Sir/ Madam,

The Government of India launched National Action Plan on Climate Change (NAPCC) which, inter-alia, identified the approach to be adopted to meet the challenges of impact of climate change through eight national missions including National Water Mission (NWM). NWM's objective is "conservation of water, minimizing wastage and ensuring its more equitable distribution both across and within States through integrated water resources development and management".

2. Water security is the capacity of a population to safeguard sustainable access to adequate quantities of acceptable quality water for sustaining livelihoods, human well-being, and socio-economic development, for ensuring protection against water-borne pollution and water-related disasters, and for preserving ecosystems in a climate of peace and political stability. India needs coordinated and prioritised actions to provide basic water needs, respond to the deterioration of watersheds and aquifers, and correct failures in water governance. The following actions are needed to be taken:

1. Sensitization of PRIs and village level institutions,
2. Streamline the financial resources to being utilized more efficiently in the water sector,
3. Awareness about the local water problems,
4. Improvements in the Condition of Watersheds, Streams, Rivers and Aquifers by introduction of technological advancements and traditional know-how,
5. Create/train local leader/PRIs to promote the water actions,
6. Innovate, develop, field-test, adapt and disseminate techno-economical solutions to improve the condition of freshwater systems,
7. Water Planning, Management and Governance in coherence,
8. Develop, review, adapt and actively disseminate water governance solutions.

3. Each Lead NGO is supposed to make the action plan as per above activities for the allotted/identified part of cluster. In this effort, each Lead NGO should engage the field NGOs and put up a coordinated plan (for example, where field NGO will be working in which district on what problem/activity.) The list of empanelled NGOs has field and lead agencies for the zones enclosed in annexure 1. Based on this, lead and field agencies shall determine their role in cluster/ districts to be carried out in the cluster / district as per annexure 2. The coordinated plan should be discussed with the collector of the district/district administration officials. Thereafter the Lead NGO, along with field NGO, will be invited to make a presentation in NWM. The presentation will be tentatively done around 19th / 20th of Dec 2018 in National Water Mission, New Delhi. Final date will be confirmed in due course of time. Post presentation, the action plan will be approved.

4. Awaiting NGO collaboration to make National Water Mission effort's sustainable and scalable.

Yours truly

(Nitishwar Kumar)

CGO COMPLEX, LODHI ROAD, NEW DELHI-110003
Dated: December 24, 2018

No:M-65033/3/2018-NWM

Subject: Collaboration between National Water Mission and NGO to fulfill NWM's objective "conservation of water, minimizing wastage and ensuring its more equitable distribution both across and within States through integrated water resources development and management"

Dear Sir / Madam,

In continuation of our letter dated 12 December 2018 on the above subject matter, we have received willingness proposals regarding choice of cluster/ districts from Lead as well as Field NGOs as per Annexure-1. As choice for many cluster/ districts are overlapping between Field NGOs, it is desired of Lead NGOs to discuss /assign the districts among Field NGOs for affective implementation of projects related to the above subject matter.

2. After due diligence and finalization of districts for it's operation, Field NGOs and Lead NGOs shall submit coordinated action plan in terms of project proposal after discussion with collector of the district/district administration officials. The major focus of such proposals can be on (i) Awareness generation, (ii) Training / skill Development (iii) Pilot projects.

3. Awareness generation will help in behavioral changes and conscious decision making. The goal of awareness generation in this regard is that people involved in planning and implementation of developmental projects at grass root level such as Panchayat / Block level (Panchayati raj institutions) for MNREGA, drinking water, irrigation etc will make informed decision so that water conservation aspect is clubbed in planning and implementation of these projects and assigned priority.

4. Training / Skill Development will enhance capability of PRIs / farmers and workers of other allied activities of agriculture and industries. This will help in implementing water conservation irrigation techniques and crop diversification. This will help in water budgeting for agriculture, domestic needs and industries also.

27. Shri Rakesh Kumar Pandey, Chief Executive Officer, Shramik Bharti
28. Mr Sujith Koonan, Law Researcher, Environmental Law Research Society
29. Shri Rakesh Kumar Bains, President, Association for Rural and Technical Education Centre (ARTEC)
30. Shri Prithibhusan Deka, Director, Gramya Vikash Mancha
31. Shri Girin Chetia, Director, North East Affected Area Development Society
32. Shri Akshaya Mohapatra, President, Life Academy of Vocational Studies
33. Dr Dipankar Roy, Director, Tagore Society for Rural Development
34. Shri Bhawani Shankar Gupta, Secretary, Society For Upliftment Of People With Peoples Organization And Rural Technology.
35. Ms Seema Kulkarni, Secretary, Society for Promoting Participative Ecosystem Management
36. Shri Dharitri Rout, Secretary, Women's Organisation for Socio-Cultural Awareness (WOSCA)
37. Shri Dipayan Dey, Chair, South Asian Forum for Environment [SAFE]
38. Shri Manoj Kumar Singh, President, Vikas Sahyog Kendra
39. Shri Abanimohan Panigrahi, Member secretary, LOKADRUSTI
40. Shri Manish Singh, President, Jan Mitram Kalyan Samiti
41. Shri Ratikanta Nayak, Director, Janajagaran Kendra
42. Shri Jatin Kumar Patra, Member Secretary, ADHIKAR
43. Shri Kamlesh Kumar Jangid, CEO, krishak Sewa Sansthan
44. Mr Mohan Sharma, Executive Director, Development Support Centre
45. Ms. Vaishalee Khadilkar, Vice President, Dilasa Jan vikas Pratishthan
46. Shri Bhupendra R Mahale, President & Chief Executive, Rashtravikas Agro Education Sanstha, Amalner
47. Mr. Subhash M. Tamboli, Executive Director, Action For Agricultural Renewal In Maharashtra
48. Shri Emani Kumar, Executive Director, Icfei South Asia
49. Shri Akhilesh Singh Yadav, Secretary, Bhopal Yuwa Paryavaran Shikshan And Samajik Sansthan
50. Shri Rajan Choudhary, Shikshit Rojgar Kendra Prabandhak Samiti

5. Success of Pilot projects will induce PRIs / farmers to switch to other cash cropping patterns which will not only help in conserving soil moisture but will also give remuneration benefits. In urban areas, these successful pilot projects will help in recycling and minimizing wastage of water

6. As highlighted in earlier correspondence, India needs coordinated and prioritized actions to provide basic water needs, respond to the deterioration of watersheds and aquifers, and correct failures in water governance. The projects submitted by NGOs can have following actions:

- i. Awareness about the local water problems,
- ii. Sensitization of PRIs and village level institutions,
- iii. Streamline the financial resources to being utilized more efficiently in the water sector,
- iv. Create/train local leader/PRIs to promote the water actions,
- v. Improvements in the Condition of Watersheds, Streams, Rivers and Aquifers by introduction of technological advancements and traditional know-how,
- vi. Innovate, develop, field-test, adapt and disseminate techno-economical solutions to improve the condition of freshwater systems,
- vii. Water Planning, Management and Governance in coherence,
- viii. Develop, review, adapt and actively disseminate water governance solutions.

7. Each Lead NGO in coordination with field NGOs is supposed to make the action plan as per above activities for the allotted/identified part of cluster. In this effort, each Lead NGO should engage the field NGOs and put up a coordinated plan (for example, where field NGO will be working in which district on what problem/activity.) Therefore all NGOs are requested to submit their proposals before 31 December 2018. After that they will be called for presentation in NWM. Post presentation, their action plan will be approved.

8. Awaiting NGOs collaboration to make India's Water security sustainable and scalable.

With warm regards,

Yours truly

(Nitishwar Kumar)
