From the Director's desk

The year 2007-2008 is an important year as we decided in last year we are diversifying our activities in different areas of work. This year is transition period for all us at our trust to transit ourselves for intensive grassroots activities to selected blocks and villages with diverse activities for the overall development of rural communities for their self reliance and self sufficiency.

The previous years we were mainly concentrating on watershed development programmes. But based on the decisions in the last year board members and advisory meetings, we have started concentrating on new SHGs formation, strengthening of SHGs, credit linkages in the blocks of Karur district. We have organised a workshop on "Capacity Building in Understanding of CAPART's Guidelines, Schemes and Project Formulation" with the financial support of CAPART Regional Centre, Hyderabad. We have organised various training programmes for the SHG members at our training centre at Mylampatti, Karur district. Understanding the need for entering in to microfinance we have applied for a loan with Rashriya Mahila Kosh (RMK), New Delhi. Based on the SHG members request we have started the Short Stay Home for the benefit of the PLHAs at our Mylampatti premises and it is running efficiently and providing services to the PLHAs.

It is another successful year for our organization in women and youth empowerment by achieved a target of 900 self help groups (SHGs) in 14 districts as a whole. The organization has got affiliation from TamilNadu Women Development Corporation to form Self help groups (women and men) in Karur Dist. As we have decided earlier, we have diversified our activities and started sending proposals to various agencies in India and abroad for different kind of social development activities. We have also decided to form a consortium to address various development issues in a large scale. It was decided by the board members that the name of the consortium is "Development Initiatives Consortium (DIC). In this year we have started the process of institution building. So we are in the transition in the new developmental process. We have submitted proposals in the areas of women development, micro finance, enterprise development, livelihoods development, health care, sanitation, environment, agriculture, human rights, human trafficking, HIV/AIDS and other activities to develop self sufficient communities.

I thank all the staff members, community leaders, government officials, board members, advisory board members and donors for their support in the social development process.

Warm Regards

S.Jagadeesan

Organisational Structure

COODU Trust has an organizational structure with the Managing Trustee and founder director is the authorized person by the board to handle day to day activities in administration, programmes and financial aspects. There are five thematic divisions i.e. Agriculture, health, women & child development, environment and entrepreneurship development. It has support divisions viz. management, research, documentation, training and community mobilization. The trust has board of trustees and meets periodically to review and plan the future strategies of the organization with the guidance from the advisory board. The Director-Programmes and Programme Manager are the persons authorized by the trustee to develop proposals for new programmes and planning, implementing, monitoring and evaluate the on going projects and submit weekly and monthly reports. The project co-coordinators of all projects plan and implement the project activities in consultation with Director-programmes and programme manager. The counselors and field staffs work in co-ordination with project coordinators to plan and implement the project activities. The chief accountant submits financial reports on a daily basis in consultation with the project accountants. All the financial activities are approved by the managing trustee based on the monthly financial report from the chief accountant. Staff review meeting of each project is conducted on weekly basis and for over all review of the activities is evaluated in monthly meeting.

ORGANIZATION STRUCTURE

Vision

“Creating an egalitarian, self-reliant society by adopting latest and appropriate technologies sustained through participatory community efforts”

Mission

The Mission of Coodu Trust is to create an egalitarian society thereby reducing disparity between classes through a gender-based and human rights approach. It seeks to create a self-reliant society by harnessing use of Information Technology enhancing productivity, speed, accountability and thereby overall efficiency in project management. It also seeks to build relationships within communities by adopting participatory methods, ensuring that the benefits of development reach 'the disadvantaged and marginalized'.

Key Aims and Objectives

- Improve the overall socio, economic conditions of the poor, needy and disadvantaged communities
- Undertake need based, people oriented, research and action based programmes in various developmental issues
- Conceptualise, identify, design, train and implement various developmental projects to improve the livelihoods of different communities
- Engage in the promotion of sustainable agriculture and rural development
- Foster development education in different sectors and create awareness on various social problems
- Provide consultancy services in project design, management and evaluation of developmental projects
- Documentation of various developmental activities and disseminate for better planning and implementation
- Promote entrepreneurship skills for enterprise development for self-employment and self-reliance
- Transfer of low cost appropriate need based technologies for the poor

Growth of the Organisation

Coodu Trust was registered under Indian Trust Act and started functioning in the year 2000 based on the motivation of a few young, dynamic, like minded persons and professionals to do efficient, constructive and enduring social development work for the under-privileged of the society to develop self sufficient communities. Coodu trust is a not for profit voluntary organization undertaking charitable, educational and development activities for the welfare of downtrodden and marginalized needy people in all the thirty districts for various social development work. Over the years Coodu Trust has emerged as one of the leading NGO in social development activities in Tamil Nadu especially on community organization, training programmes, research & documentation. The previous years we were mainly concentrating on watershed development programmes. But based on the decisions in the last year board members and advisory meetings, we have started diversifying our activities on various rural development issues. This year is transitional period for the trust to transit from intensive grassroots activities to selected blocks and villages with diverse activities for the overall development of rural communities for their self reliance and self sufficiency.

We have organised a workshop on "Capacity Building in Understanding of CAPART's Guidelines, Schemes and Project Formulation" with the financial support of CAPART Regional Centre, Hyderabad. Understanding the need for entering in to microfinance we have applied for a loan with Rashriya Mahila Kosh (RMK), New Delhi. Based on the SHG members request we have started the Short Stay Home for the benefit of the PLHAs at our Mylampatti premises and it is running efficiently and providing services to the PLHAs. It is another successful year for our organization in women and youth empowerment by achieved a target of 900 self help groups (SHGs) in 14 districts as a whole. The organization has got affiliation from TamilNadu Women Development Corporation to form Self help groups (women and men). As we have decided earlier, we have diversified our activities and started sending proposals to various agencies in India and abroad for different kind of social development activities. We have also decided to form a consortium to address various development issues in a large scale. The name of the consortium is "Development Initiatives Consortium (DIC). In this year we have started the process of institution building. So we are in the transition in the new developmental process. We have submitted proposals in the areas of women development, micro finance, de-addiction, enterprise development, livelihoods development, health care, sanitation, environment, agriculture, human rights, human trafficking, HIV/AIDS and other activities to develop self sufficient communities.

Activities for the Year 2007-2008

Women Development, Self Help Groups (SHGs) & Micro-Credits

The organization has got affiliation from TamilNadu Women Development Corporation to form Self help groups (women and men). It is another successful year for our organization in women and youth empowerment by achieved a target of 900 self help groups (SHGs) in 14 districts as a whole. In the last year, we concentrate more on Karur dist to strengthen and empower the women and men by forming 67 Self Help Groups (SHGs) in Kadavur and Thogamalai blocks of Karur District. 400 groups were so far formed in Karur District. All these 67 groups were opened Savings Bank Account in the nationalized and rural banks. 38 groups were linked for Economic Assistance (EA) with NABARD and from DRDA to a tune of 114 lakhs and a tune of 15.6 Lakhs as revolving fund (RF) to the above said groups. As per approved training schedule of Mahalir Thittam, all the 67 groups were given SHG training. The Animator and Representatives from the SHGs were given training with the guide lines given by TamilNadu Corporation for Development of Women Ltd. All the staffs were undergone Trainer of Trainings (TOT). Apart from the above said trainings awareness program on HIV/AIDS were conducted with resource persons to the groups to prevent and control of HIV/AIDS. The World Women's Day was celebrated on 8th of March with a massive support from Women, Men and Youth Self help group members. A Total of 3000 self help group members were participated in the rally and a meeting.

Watershed Development Programmes

Coodu trust, since its inception the main area of the work is watershed development. It has been working extensively in 14 districts of Tamil Nadu on watershed development and livelihoods developments of the rural communities. The main components of the watershed programmes are community organising and training, community mobilization, awareness creation, training, conducting Participatory Rural Appraisal (PRA), Conducting Socio Economic surveys, mid term evaluation, impact evaluation, documentation and state level IEC material preparation for the components of watershed. So far we have covered 479 village Panchayats in 14 districts of Tamil Nadu. One of the main activities in the watershed development programme Coodu Trust was instrumental in forming 290 CBOs (Panchayat level watershed committees) in 9 districts of Tamil Nadu. These CBOs are responsible for the follow up activities and sustainability of the project. All these CBOs were formed, trained and maintained by Coodu Trust.

Under the Integrated Wasteland Development Programme (IWDP) - IV, Vadamadurai Block, Dindigul, we have conducted vermicompost & mushroom cultivation training in 8 watersheds. Under this programme members from 20 self help groups (SHGs) from eight watersheds in Vadamadurai block of Dindigul district were given training on mushroom cultivation and preparation of vermicompost from 16th to 29th of Feb 2008 at our training centre at Mylampatty, Karur district. The main objective of the training is mushroom cultivation and vermicompost preparation. Totally 160 members were given training at Mylampatty training centre where demo units were also available. With experts and efficient trainers the training was imparted to the SHG members. Under part of the training programme we have also organised a farmers exposure visits to Horticulture College, Periyakulam. The objective of the exposure visit is to introduce new technologies in horticulture to the SHG members. From eight watersheds 110 self help members were selected and taken to various places like Karur, Erode, Coimbatore, Ooty and Pollachi to see various demonstration fields on different agricultural innovations. The exposure visit to self help group members were organised from 22nd to 25th of February '08.

Western Ghats Development Programme

Western Ghats Development programme is implementing in 20 watersheds in 9 blocks of Virudunagar district namely Srivilliputtur, Rajapalayam blocks and Ayydarmam, Kottaiyur, Vathrap, Maharajapuram, Kariselikulam, Vellapottal, Samathanapuram, Pillaiyarnatham, Vallikulam in Vathrap union. The User Group Training programmes was conducted at Virudunagar District under Western Ghats development programmes from 19.3.2008 to 28.03.2008 in 20 watersheds in 9 blocks of Virudhunagar.

The objects of the training are as follows: 1.Importance of watershed, its principles & people participation 2.Importance of user groups and their work, 3.Difference between government programme on watershed and Western Ghats development programme, 4.Identification of the need of the user group and implementation of the programme, 5.People's participation in implementing the Western Ghats development programme and also group participation and 6.Administrative set up to implement the programme, Roles and responsibilities of the watershed committees, funds utilisation and maintenance of accounts.

Apart from the above objectives the relevant areas covered are as follows: land development, watershed development, development of forests, development of fishery units, development of livestock, preparation of vermi compost , strengthening of ponds, development of orchards, strengthening of streams ,mushroom cultivation etc. The training was given to various watershed committee members and user group members. The training was carried out for 10 days in the above said areas.

Short Stay Home for People living with HIV/AIDS (PLHA)

During our TOT trainings with animators and representatives of SHGs on HIV/AIDS awareness, some of our SHG members started mentioning that there are People Living with HIV/AIDS (PLHAs) in their field areas. These PLHAs are either the family members or known persons of the SHG members. The SHG members insisted the urgent need for a place to stay, recreate and treatment for the PLHAs. COODU TRUST started a short stay home for people living with HIV/AIDS (PLHA) at Mylampatti, Tharagampatti (post), Karur district in the month of November 2007. The home is managed by efficient staff team includes a part time Doctor, Trained Staff Nurses, Counselor, Out reach workers, Lab Technician, Cook and a Watchman. The short stay home is equipped with 10 beds, Lab and kitchen facilities. The beneficiaries are members and known persons from the women SHG groups managed by Coodu Trust. The home is having separate wards for female and Male. With the well equipped Kitchen, PLHAs are given nutritional food with utmost care. So far we have treated 41 patients at our short stay home.

Micro Insurance Policy for SHG Members

LIC's "Jeevan Madhur" – a Micro Insurance Product was launched in 2006. This is micro insurance product, is targeted to cover the low income group and especially those who have no fixed and stable income. "Jeevan Madhur", is available to both male & female without any medical examination and is a simple saving related life insurance plan covering individuals in the age group of 18 to 60 years. Minimum sum assured under the plan is Rs. 5000 and maximum sum assured is Rs. 30000. Coodu Trust conducted awareness programmes on the importance of the micro insurance in all the field areas of SHGs. Following this our field staffs explained the needs and benefits of the LIC Policy to the SHG Members and Youth groups. So far 114 members were joined in this micro LIC Policy under Jeevan Mathur Scheme. The SHG members are paying the minimum premium of Rs. 100/- per month which is expected to be well within reach of the targeted group. 3 SHG members who joined in this Policy were died and the minimum sum assured was paid to the family members.

Tamil Nadu Health Systems Project (TNHSP)

Healthcare services to the rural areas are still a major issue to address. One among the problem is low cost mortuary van services. The present private mortuary van service is unaffordable for the rural poor to handle the dead bodies. Last two years we are successfully managing a mortuary service in district headquarters Hospital at Dindigul through Tamil Nadu Health Systems Project (TNHSP), Health Department, Government of Tamil Nadu. The mortuary van services was awarded to us after evaluating our quality work in health and sanitation in watershed development work and other project activities all over Tamil Nadu over the years. We are charging very low affordable cost on kilometer basis (Rs.5/- per kilometer) for one way charge, just to manage the system. For schedule caste and schedule tribes' communities we provide the mortuary van services with free of cost. The mortuary van service is available inter-state. People are benefiting from our services. More than 300 people were given due respect after their death by our efficient Mortuary van services. The Organisation is rendering this service at a low cost basis and basic motive is to give peaceful last rites to the dead bodies by carrying in our van service. The above said service is fully dedicated to the needy people with out having a motive of earning.

Total Sanitation Campaign (TSC)

In order to improve the sanitation conditions of the rural poor we built 352 individual household low cost latrines in Karur districts under Total Sanitation Campaign (TSC). As part of the women economic development activity we are running a rural sanitary mart at our training center in Mylapatty is managed by trained women. The scope of activities under Total Sanitation Campaign (TSC) include construction of individual household latrines, establishment and managing of Rural Sanitary Mart would supply hardware sanitary materials for construction of toilets, construction of village sanitary complex for women, construction of School Toilets and school sanitation awareness programme, construction of Baby-Friendly Toilets and toilets for Anganwadi centres, Waste Water Management, Solid Waste Management, reduction of pollution in the villages and integrated environmental protection and development. One among the Panchayat in the Tharagampatty block was received the Nirmal Puraskar Award.

Awareness campaign on Mentally Challenged people

Coodu Trust in association with District Rehabilitation Office, Karur organised a one day awareness campaign on disability issues to SHG members on 30th of March 2008 at Kadavur Multi Purpose Auditorium. 75 SHG members were participated in the awareness campaign. Mrs. Jasmine, District Disability Rehabilitation officer (DDRO) gave a brief lecture about disability issues, Socio-economic status of the mentally challenged people and government schemes and programmes for disabled people. Participants asked about their doubts regarding Mentally Retarded problems to Mrs.Jasmine.She gave the relevant information for their questions. After the chief guest speech, Mr.Subramani of Coodu trust delivered the vote of thanks.

Geographical Information Systems (GIS)

In human life maps were used for several purposes which assist us to locate or to obtain detail about any place. It is a year old practice that maps are normally prepared in paper using various cartographic methodologies. Technological advancements puts thrust to eradicate the old practice of drawing the maps with pen and paper and digital maps are effective substitute for the paper maps. Preparation of social maps, resource maps and watershed maps by using cartographic methods from the information gathered through the Participatory Rural Appraisal (PRA) exercises is one of the basic activities to prepare a detailed watershed maps. These data were correlated with the taluk gully maps, NRSA maps, secondary records etc. Based on this exercises detailed watersheds maps of 479 village Panchayats were prepared since 2000 in 14 Districts of Tamil Nadu. The cartographic domain advances in computer hardware and mapping software have already encouraged many planning departments to move from traditional cartographic methods towards digital mapping and geographical information systems (GIS).

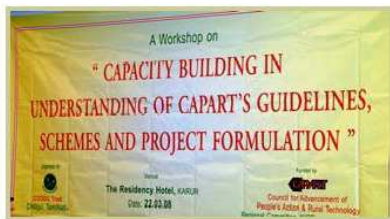

Today many government departments and organizations started using Geographic Information Systems (GIS) for automation. Agricultural engineering department of Virudhunagar assigned a work of converting cadastral maps to digital maps to our trust. Digitization of cadastral map is important because it carries the smallest ever mapped land unit in it. The villagers use the maps for general observation at village level and useful for macro level planning and development. The objective of the work is to digitize 274 individual villages of three taluks namely, Aruppukottai, Virudhunagar and Kariyappatti covering 1405 sq.km area on the basis of real earth coordinates and mapping all the available utilities with existing resources with the relevant attributes. The total work was completed in 100 days by using ArcGIS software including the base works of georeferencing and mosaicking. The real earth coordinates was taken village by village on important existing landmarks and survey stones using GPS an advanced modern survey technology. The existing resources and utilities are mapped in various layers with scale 1:5000. These layers can be useful for any future planning and development activity even it is in micro or macro level. To construct a database for a village or taluk, the basic information gathered and digitized in this project will be a stepping stone for e-governance.

World Women's Day Celebrations

COODU TRUST in association with Block Level Women Federation, Women SHGs members and Tamil Nadu corporation for development of women (TNCDW) organised the World women's day celebrations on 31st March 2008 at Tharagampatti. More than 3000 members from 315 Self Help Groups of Kadavur and Thogamalai Blocks were actively participated in the World women's day celebrations. The programme was started with a rally from Tharangampatti Government higher secondary school to Kadavur union office. The rally was flagged off by Mrs.Kavi Priya, Union Leader of Kadavur Block. End of the rally World Women's Day Programme was celebrated. Mrs.Iyaaru Project Officer, Mahalir Thittam, DRDA, Karur participated as a Chief Guest and gave a brief lecture about "Role of SHG in Community Development". Felicitation address was given by village leaders and officials from union office, Kadavur. At the end of the programme 18 resolutions was taken by the SHGs regarding Women Rights.

CAPART Workshop

One day Workshop on "Capacity Building in Understanding of CAPART's Guidelines, Schemes and Project Formulation" was organised by Coodu Trust with the financial support of CAPART Regional Centre, Hyderabad. The one day workshop was conducted at Residency Hotel, Karur on 22nd March 2008. The participants are mainly from various NGOs working in rural development activities in Tamil Nadu. 40 representatives from various NGOs working in 9 districts of Tamil Nadu actively participated in the workshop. Mr.Christopher & Mr. Jayapaul representatives of RC, CAPART, Hyderabad were participated in the workshop on behalf of CAPART. Ms.M.Madhavi, Project Officer, DRDA, Karur, Ms.C.Jasmine,, DDRO, Karur, Mr.P.Mayilsamy, Nehru Yuva Kendra(NYK),Karur are the guests participated and honour the workshop. The main purpose of the workshop is to develop understanding of CAPART's Guidelines, Schemes and Project Formulation among NGO staffs. The welcome address was delivered by the COODU TRUST Director, S.Jagadeesan. Keynote address was delivered by Mr.Christopher & Mr.Jayapaul, Young Professionals of CAPART, R.C. Hyderabad. To enlighten the programme the Presidential address was given by Ms.M.Madhavi, Project Officer, DRDA, Karur. Special address was delivered by the District Disabled Rehabilitation Officer, Karur, Ms.C.Jasmine. Special address was given by Mr.P.Mayilsamy, District Youth Coordinator, Nehru Yuva Kendra, Karur.

In order to give the participants a mode for project application, certain projects were delivered, suitable for CAPART. Mr.P.Venkatesan, Subject Matter Specialist, KVK, Gandhigram Rural University, Dindigul, highlighted the concept of project formulation with some examples and case studies of indigenous/traditional technologies. Under PC scheme, organic group formation for sustainable agriculture was the topic facilitated by Mr.R.Thirumalai Kumar, Subject Matter Specialist, KVK, Krishnagiri. The medicinal plants coverage in CAPART project was enlightened by Mr.G.Alagukanan, Subject Matter Specialist, KVK, Gandhigram Rural University, Dindigul. The participants were formed into 4 groups and they were asked to formulate the projects on different schemes of CAPART. At last the projects formulated were corrected and verified by the technically sound personnel and the lacuna and positives were highlighted.

Documentation

Ramanathapuram district tourism hand book

Tourism is one of the emerging areas to understand the cultural heritage of any country. Over the years it has become an industry as people from India and abroad are visiting to TamilNadu is increasing drastically. In order to help the tourists, District Collector Ramanathapuram District decided to print a handbook on tourism in Ramanathapuram district. Last year tourism hand book development work was awarded to us. We have prepared the tourism handbook contains the beautiful photographs of all tourism spots, brief notes on the places, contact information of relevant offices, hotels and travel information for the entire district. We have also prepared posters and pamphlets of tourism spots for the whole district under this project. Based on the good response from the tourist and the order of the collector, this year we have reprinted the hand book and posters for the benefit of the tourists and the development of the tourism in Tamil Nadu.

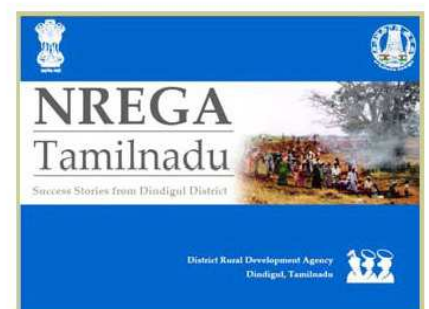

Disability - Activities Document preparation

The organization has done documentation to the District rehabilitation office for the disabled persons in Karur district for the best performance award to Karur Collector Mr.K.Venkatesh in the field of disability. The document contains the achievements of the collector by distributing tricycles, hearing aids, financial assistance for petty shop to the physically challenged persons in a matter of hours in consultation with department officials. Also he has organized a special medical camp to the boys and girls who are all mentally ill in the collectorate itself with efficient doctors in the field. The document also contains data regarding the assistance rendered through various departments to the physically challenged persons with photo and paper clippings. All the information is gathered from news papers, DRDA, Collectors Office, DDRO and from other local sources.

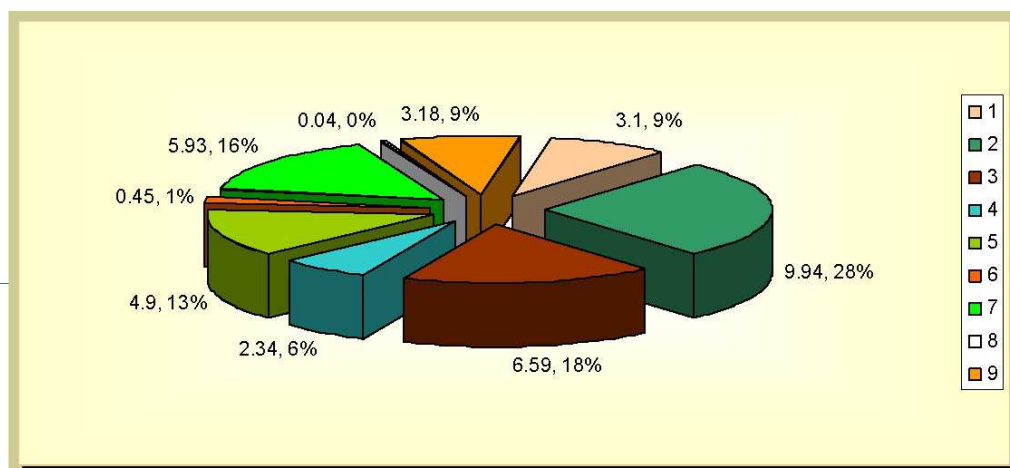

NREGA Success Stories Documentation

Coodu Trust prepared a document to District Rural Development Agency (DRDA) of Dindigul about National Rural Employment Guarantee Scheme (NREGA) on its success stories. The document contains information regarding the act, information on Dindigul district, 100 days guarantee wage employment and its objectives. The quantum of work done so far under this scheme in Dindigul district, success stories of five Panchayats under the scheme and women empowerment through this employment guarantee scheme are clearly documented in it. This documentation work was carried with efficient designers and printers and carried out in a short span of time. The organisation was appreciated by the DRDA, Dindigul.
