PROGRAMMES @ 2022 - 2023

I) ANNUAL REPORTS 2022 - 2023

1. AGRICULTURE DEVELOPMENT PROGRAMME

- 1.1. Integrated Watershed Management (IWMP)
- 1.2. Farmers Producer Organisation(FPO) Promotion
- 1.3. Promotion of FPO through State Balanced Growth Fund

2. CSR Activities

- 2.1. Rain Water Harvsesting (RWH) Activities - ATC Tyires through UWM
- 2.2. Rain Water Harvsesting (RWH) Activities - KRISHNA MINES
- 2.3. Rain Water Harvsesting (RWH) Activities - TATA Power
- 2.4. School Adoption (SAP) and Village Adoption (VAP) Programme

3.SKILL DEVELOPMENT PROGRAMME

- 2.1. Deen Dayal Upadhyaya Grameen Kaushalya Yojana (DDUGKY)
- 2.2. Skill Development Training (NRuM)
- 2.3. Skill Development Training (TAHDCO)
- 2.4. Skill Development Training (NULM)
- 2.5. Skill Training programme under SJ College
- 2.6. Skill Training programme - Supported by Guru Kripa enterprises & Navirud Enterprises CSR Initiatives

4. Water Quality Testing Lab & JJM – FTK Training – TWAD

5. Environment Awareness Programme

6. Ambulatory & Mortuary Service

7. Yoga Camp

8. De-addiction / Short stay home

Annual Report

It's notable to see that Coodu Trust is actively working towards creating a sustainable and thriving rural sector. The focus on providing support to young men and women in rural areas, particularly those involved in small-scale farming, aligns with the goal of ensuring fulfilling lives while addressing the global challenge of food security.

Key initiatives such as providing training, securing land tenure, offering credit, and promoting access to new technologies demonstrate a holistic approach to empowering small farmers. The emphasis on environmentally sustainable methods is crucial in the face of climate change, acknowledging the need for adaptation and mitigation strategies.

The recognition of the large youth population in developing countries, especially in rural areas, highlights the importance of investing in their skills and creating opportunities for them both within and outside the agricultural sector. By emphasizing market-oriented, profitable, and environmentally sustainable agriculture.

As challenges are acknowledged, it's clear that Coodu Trust sees them as opportunities for focused action. The commitment to addressing climate change and enabling farmers to adapt and contribute to mitigation is forward-thinking and essential for the long-term success of rural development initiatives.

Coodu Trust is moving in the direction of support the rural community for sustainable agriculture and enhance the skills of the rural youth different skill sector to get better employment. The annual report for the year 2022-23 is presented herewith

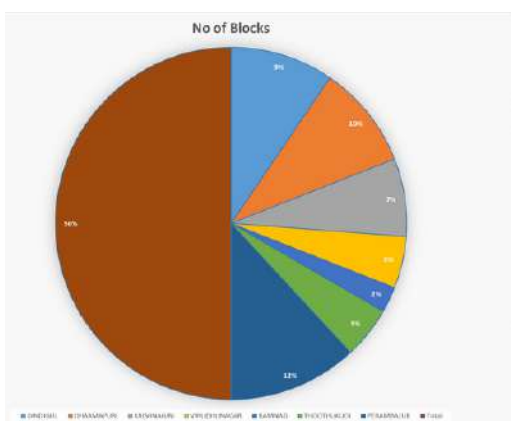

AGRICULTURE DEVELOPMENT PROGRAMME

2

1.1. Integrated Watershed Management (IWMP)

Integrated Watershed Management Programme (IWMP) is implemented by Department of Land Resources of Ministry of Rural Development, Government of India. Objectives of watershed development projects are to improve productive potential of rainfed / degraded land through integrated watershed management; to strengthen community based local institutions for promotion of livelihoods & watershed sustainability, and to improve the efficiency of watershed projects through cross learning and incentive mechanism.

Coodu Trust, as a coordinating agency had conducted training and exposure visit at KVK ,Gandhigram,TNAU Coimbatore,TNAU ,Killikulam and Horticulture college,Periyakulam to enhance the knowledge in modern agriculture . The participants were from watershed committee, watershed beneficiaries and SHGs members from Pudukottai,Ramnad,Virudunagar,Perambalur,Dharmapuri,Krishnagiri and tutucorin district The training topic were Roles & Responsibility of watershed committee, soil and water conservation techniques, Skill development training on micro enterprises, Vermi composting, organic forming, micro irrigation for field crops etc. Totally 3021.farmers were trained and the details of farmers trained are as follows
